S-COIN Sports Whitepaper (V2.2)

1. Introduction

Sports fans live for the thrill of being right — calling the upset, predicting the score, owning the moment. S-COIN Sports takes that energy on-chain. A Web3 sports prediction app powered by S-COIN, where every pick counts and every win means more than just pride. No middlemen. No waiting. Just fast, fair, and transparent competition built on Solana — with real rewards that fuel the future of sports picks.

2. Vision & Mission

Vision: To be the ultimate Web3 destination for sports fans — where every prediction, every upset, and every win is powered by S-COIN. A platform that transforms sports picks into a global game of skill, competition, and reward. Mission: - Empower fans with a fair and transparent way to make picks. - Reward knowledge by turning correct calls into S-COIN tokens. - Unite communities across sports worldwide. - Evolve constantly — adding more sports, more features, and more ways to play.

3. Market Opportunity

- 5B+ global sports fans. - Sports betting & prediction market projected to hit $180B+ by 2030. - Billions already flow into wagers and pick'em contests every year. The Problem: - Centralized platforms take big cuts and hold control. - Transparency is weak — fans don't always trust odds or payouts. - Rewards are limited — bragging rights fade quickly. The Solution: S-COIN Sports merges sports fandom with blockchain's speed, fairness, and tokenized rewards. Fans already love making picks — now they can finally own the rewards.

4. Tokenomics

Total Supply: - 1,000,000,000 S-COIN (hard cap, demand-based minting) Allocation: - 40% Ecosystem Rewards (400M) → winners, loyalty, fan incentives - 25% Liquidity & Exchanges (250M) → trading pools, slippage prevention - 20% Partnerships & Expansion (200M) → sports brands, leagues, platforms - 15% Treasury & Reserve (150M) → development, audits, stability Burn Mechanism: - Portion of losing picks + platform fees permanently burned → deflationary supply. Presale: - Stage 1 Price: $0.07 - Stage 2: TBD - Stage 3: TBD - Platform: Smithii - Funds raised flow into Treasury + Liquidity Pool. - (Presale allocation kept open-ended for flexibility.)

Tri-Token Structure

S-COIN (Core Token) - Tradable, deflationary token. - Used for presale, exchanges, and as the backbone of the ecosystem. - Subject to burn mechanics (losing picks + fees). S-COIN-FP (Free-Play Token) - Non-tradable, gamified token. - Fuels engagement: daily claims, streaks, referrals. - Required for chat access (0.01 FP/message for non-VIPs). - Unlocks VIP status at 25+ FP. S-COIN-S (Stable Layer) - Pegged to $1 = 1 S-COIN-S. - Functions as internal site credits for betting and payouts. - Gives users a stable, predictable option for play. - Not tradable or on-chain at launch — fully managed by the platform. - Future-ready: Can evolve into a tokenized stablecoin once the treasury and legal framework allow it.

5. The S-COIN Sports App

- Auto-Updated Games via API. - Prediction Types: Moneyline, Over/Under, Totals, Spreads. - Free Play: Daily claims, streak bonuses, game day boosts. - VIP Status: Unlocks premium features at 25+ FP. - Referral System: Rewards users for inviting friends. - Leaderboards: Weekly + seasonal rankings with perks. - Built to Scale: Solana blockchain + Phantom wallet + Supabase backend.

6. Technology

- Solana Blockchain → high-speed, low-fee, scalable. - Phantom Wallet → secure, simple onboarding. - Supabase → authentication + backend. - ESPN API → live sports data. - Server Validation & Fair Play → transparent, verifiable picks & payouts.
